To Whom It May Concern,

Recently we contracted with Worship Interiors Group to refinish and refurbish some 48 pews. I was very hesitant that Eric and his crew would be able to accomplish the task as contracted.

We have strict needs for Sundays and run a fairly aggressive summer program with over 400 children here each day for summer camp. We had to schedule the work in the summer because of the school use of the Sanctuary for Chapel.

Other than a few missing pews on Sundays we hardly even knew that they were here. IT was hard to even detect that there was work going on. No construction mess, no loud music, instead very polite workers all dressed in company shirts.

To any body that is trying to decide if they should use Worship Interiors Group, just stop thinking and sign the contract. They are quite simply the best and Eric is a true professional.

Sincerely,

Bruce A. Spotswood Friesen
Parish Administrator
