

Letter of Recommendation

For

Worship Interiors Group

St. Bartholomew's Episcopal Church, as part of our "Fresh Face for our Worship Space", contracted with Worship Interiors Group (Jan. 2010) to refurbish 20 pews, 80 chairs, and a variety of other furniture with refinishing and reupholstering.

Starting with getting an accurate and timely estimate, and ending with a seamless on-time reinstallation, Worship Interiors Group worked with St. Bart's on a professional, transparent, and flexible basis with excellent and accurate communications during the course of the project.

The quality of their work exceeded our expectations, and our parishioner's comments can be summarized as: "Simply Beautiful"; "Everything looks brand new".

I would highly recommend Worship Interiors Group to all those interested in converting, up-grading, or refurbishing their worship space in partnership with a competent, professional, timely, quality minded, and cost effective organization.

Visits to our church during the week, can be coordinated through Worship Interior Group, or come on any Sunday to worship with us directly (8:00, 9:30, 11:15 AM).

Sincerely,

Larry Salvadori, Jr. Warden, 858-485-5434, Home
