Dear Mo,

I just wanted to drop a note and thank you for directing me to Worship Interiors Group for the new kneelers and flooring in our church.

We were very impressed with the presentation Eric Voorhees made on his initial visit and immediately knew that we were in good hands. I had my own concerns regarding the scope of this project and the need for moving the pews, however, Eric calmed all of my fears and the process was handled so smoothly.

I was especially impressed with the attention to detail and coordination of all of the work. We were able to begin on Monday morning and the project was completed with the new flooring, securing of the pews, installation of new kneelers and carpeting by Friday evening.

Our parishioners were so happy to see the finished product and are very pleased with the new kneelers. I never expected to have this project completed with such peace of mind. It is my intention to inform Eric to use me as a reference for any parishes that may be considering similar work.

Thank you again for steering me in his direction.

Sincerely,

Fr. Michael Stechmann, O.A.R.  
Pastor
